Technical Skills

- React.js
- HTML 5
- CSS 3
- Bootstrap 5
- JavaScript
- Ruby on Rails
- MySQL
- C / C++
- TypeScript
- Tailwind CSS
- Next.js
- Node.js
- LabVIEW
- Scilab
- Google Workspace
- MongoDB

Soft Skill

- Observation
- Decision making
- Communication
- Multi-tasking
- Hardworking
- Flexible
- Problem Solving
- Team Player

Education Background

- ABES Engineering College, Ghaziabad-201009
(Dr. Abdul Kalam Technical University)
Master in Computer Application (M.C.A)
Grade : 81%
Session : 2022-2024
- Keshav Mahavidyalaya, New Delhi-110034
(University of Delhi)
B.SC (Hons.) ELECTRONICS
Grade : 9.351 CGPA
Session : 2019-2022
- ST. Karen's Secondary School, Patna, Bihar
Class 12th : CBSE (PCM, Science) - 87.6% -(2019)
Class 10th : CBSE - 10 CGPA - (2017)

About Me

I am a dedicated and passionate Software Engineer currently working at Ksolves India Limited. With a solid foundation in Electronics from the University of Delhi and pursuing my MCA at ABES Engineering College, I bring a unique blend of hardware and software expertise.

Professional Experience

- Ksolves India Limited | Software Engineer
July-2024 - Present

Key responsibilities:

- Engaged in bug fixes and introduced new features to enhance the React.js/Next.js website.
- Contributed to end to end delivery of project by making POCs, requirements gathering, design and implementation.
- Involved in using GIT for project management and version management.

- Ksolves India Limited | Software Developer Intern
Aug 2023 - June-2024

Key responsibilities:

- Received extensive training in Ruby on Rails, JavaScript, React.js, and Next.js and applied acquired skills to develop and contribute to multiple projects.
- Engaged in bug fixes and introduced new features to enhance the React.js/Next.js website.

- Internshala | Internshala Student Partner
May 2023 - June 2023

Key responsibilities:

- Spearheaded campus outreach programs to promote Internshala's opportunities.
- Played a crucial role in a victorious team during the Registration contest, where Internshala Student Partner teams competed to assist maximum students in applying for internships.

- CodeClause | Web Development Intern
Apr 2023 - May 2023

Key responsibilities:

- Developed practical expertise in JavaScript, Bootstrap, HTML5, and CSS through hands-on experience.
- Executed and completed two projects during the one-month remote internship: Unit Converter ,Timer/Stopwatch

Achievements

- **Graduation (Keshav Mahavidyalaya, University of Delhi):**
 - Awarded for overall academic excellence, securing the first position in class.
- **10th Class (May 2017, Bihar Public School & Children Welfare Association – BPSCWA):**
 - Awarded for overall academic excellence.
- **12th Grade (July 2019, Pratibha Samman Prabhat Khabar Daily Newspaper, Bihar):**
 - Awarded for successfully passing with a good score.
- **Virtuelle Welt 3.0 (July 2020, Keshav Mahavidyalaya CYSS Unit):**
 - Secured the 2nd position in the competition.
- **Quiz Competition (July 2020, National Service Scheme Unit of Keshav Mahavidyalaya):**
 - Secured the 3rd position on the theme of "World Nature Conservation Day."
- **CIRCUITRIX (April 2021, Elektronika – The Electronics Society of Keshav Mahavidyalaya):**
 - Secured the 3rd position in the circuit designing competition.
- **SPOT Award 2024–25 – Ksolves India Limited –**
For good performance over past year.
- **Goodies from Geeks for Geeks –** For successfully publishing two articles

Leadership and Volunteer Experience

- **Volunteer, BCrypt2023 – ABES Engineering College:**
 - Actively contributed as a member of the registration desk team for the prestigious technical event.
- **Student Representative, Keshav Mahavidyalaya, University of Delhi:**
 - Served as the Student Representative in the Meeting of the Screening Committee for the Selection of Gender Champions for the academic year 2021–2022.
- **Event Organizer, Elektronika – Keshav Mahavidyalaya (Mar 2021 – Apr 2021):**
 - Led the Event "Techmystery" as an Event Organizer during the annual technical fest of Elektronika, The Electronics Society of Keshav Mahavidyalaya, University of Delhi.
- **Student Volunteer, Rotaract KMV (Aug 2019 – Jun 2020):**
 - Engaged in social services as a dedicated volunteer, contributing actively to community initiatives.

Project Portfolio

Book Store App using React.js

- Nov 2023 – Nov 2023
- This is an Interactive book catalog with details and cover images sourced from the Google Books API. User-friendly navigation and intuitive search functionality. Responsive design ensuring optimal viewing across devices and can see Book info /read books.
- This fully functional online bookstore showcases my skills in web development and user experience design. Explore the platform [here](#) and check out the open-source code on [GitHub](#).
- Skills: React.js · Bootstrap · JavaScript · HTML5 · CSS · Google Books API

TrekEase – Your Hiking Companion (Travel App)

- Nov 2023 – Nov 2023
- 'TrekEase' is a web application designed to enhance hiking adventures. This project showcases my skills in web development, mapping integration, and user-friendly design. Explore the project on [GitHub](#) and [here](#)
- Skills: TypeScript · Tailwind CSS · Next.js · React.js · JavaScript · HTML · CSS

Blogger – A Blogging Platform

- Aug 2023 – Oct 2023
- 'Blogger' is a feature-rich blogging platform empowering users to share thoughts and ideas. It demonstrates my skills in web development, database management, and user experience design. Explore 'Blogger' source code on [GitHub](#).
- Skills: User Authentication · Content Management · Ruby on Rails · sqlite3 · Bootstrap · JavaScript · Ruby · HTML5 · CSS

Weather Forecast Website

- May 2023 – May 2023
- As part of my web development internship at OctaNet, I created a weather forecast website. Leveraging HTML, CSS, and JavaScript, I integrated various APIs to fetch real-time weather data. The website offers an intuitive user interface, allowing users to check current weather conditions, temperature, and humidity for any location globally. Explore the project [here](#) and Source code on [GitHub](#).
- Skills: HTML · CSS · JavaScript · API Integration

Training & Certifications

- React (Basic) – Hacker Rank
- SQL (Basic) – Hacker Rank
- The Complete Web development Boot camp by Angela Yu – Udemy
- Introduction to Programming Using Python – Cisco Networking Academy
- Carrier Skills – TCS iON
- Digital Skills : Social Media – Accenture
- Learn CSS – For Beginners – Udemy, YouAccel
- Customer Service: Problem Solving and Troubleshooting – LinkedIn
- JavaScript (Basic) – Hacker Rank
- Frontend Developer (React) – Hacker Rank
